Think Pink...Tour In Style!

[Pink Jeep Tours](#), Las Vegas, has recently added the ultimate in touring vehicles to their fleet.

Imagine getting into a vehicle that has individual reclining leather captain seats, tinted windows, carpeted floors, and a large DVD player. Don't you imagine that you have just sat down in or are driving off the lot in a top-of-

the-line luxury car or SUV? That's exactly the experience that Pink Jeep Tours has for you if you go on one of the ten area tours that they provide in their new Tour Trekker.

The custom-built 10 passenger Tour Trekker is an all-terrain vehicle that can take you places that you never expected or knew existed. Take an enjoyable tour to Valley of Fire, Mt. Charleston, or Hoover Dam. Or ride the rugged terrain to the West Rim of the Grand Canyon or visit the Techatticup Mine of the Eldorado Canyon in style. This vehicle allows you to experience any of the other Pink Jeep tours of the awesome Las Vegas and Southwest scenery in lavish comfort.

In addition to this top of the line touring vehicle, Pink Jeep Tours also prides itself on providing Certified Interpretive Guides for some of their tours. These guides are able to give you expert information on the flora, fauna, geology, archaeology, and other aspects of the environmental

beauty of the area.
